

Jermaine McKenna

Aspiring Junior Web Developer | Career Switcher from Construction & Rail

Northwest London | Jermaine.mckenna_@outlook.com | 07304054263

GitHub: <https://github.com/JermaineMckenna>

PROFILE

Motivated and hardworking career switcher transitioning from a successful career in the construction and railway sectors to web development. I bring with me a strong work ethic, team collaboration skills, and hands-on technical training. Currently studying a Level 5 Diploma in Web Development and actively developing personal projects using HTML5, CSS3, Bootstrap 5, and GitHub. My background in physically demanding environments proves my reliability, while my new technical skills show a commitment to long-term growth in software development.

SKILLS

- HTML5, CSS3, Bootstrap 5, Figma, GitHub
- Visual Studio Code (VS Code), responsive design
- Basic Git workflows: commit, push, pull
- Clear communicator, fast learner, committed to deadlines

PROJECTS

- Personal Portfolio Website - Designed and built a responsive portfolio showcasing web projects, using HTML5, CSS3, and Bootstrap 5. Managed code using Git and hosted via GitHub Pages.
- (Add more projects here as you complete them)

EDUCATION

Level 5 Diploma in Web Development (In Progress, 2025)

- Covers HTML, CSS, JavaScript, responsive design, version control, and UI design with Figma
- Planning to continue this course alongside junior developer role
